**Comments:**

Despite the "Glorious Summer Evening" weather, the attractions of the Handicap event and the popular venue drew 73 entries. Well done to all who took part and were not deterred by the rain and a big thanks to all our helpers and marshalls who braved the conditions.

It was good to see June Dickenson beat the handicap and win after leading the race from start to finish followed in by Julie McGrath, and Mathew Dawkins, Part of a large Burn Road contingent. Lorna Riley, Wayne Boutell and Thomas Wall filled the following few places. The fact that a just over a minute covered the next 60+ finishers pays tribute to Roy's handicapping expertise.

Fortunately on the night we benefited from the availability of the railway carriage for registration and prize giving, thanks go to Vicky for that. Vicky is organising a charity 5k in Preston Park on 1st Sept so there's another opportunity to extend the Thursday series. It's a similar format to our races so we'll hopefully see a good turn out of familiar faces.

continued....

We presented the series commemorative mugs after the event, but there are lots uncollected. The new design has been very well received so if you've run three events or helped out in any manner there's one for you. I'll take them to Vicky's event so there's another reason to turn up.

Please pass this message onto anyone you know who wasn't at Wynyard and keep watching our website for news or developments on next years series.

Thanks Bob

**\*Footnote:** Unfortunately the results took longer than planned as rainwater worked it's way into the electronic timer during the race so we only had a few race times from the night. Many thanks to those who e-mailed us with their times allowing us to complete the results. Times should be accurate to within +/- 5secs from 8th to 70th place.

Roy

The Tees Trail Races take place on woodland or grass tracks at a variety of local countryside sites around The Tees Valley and are approx. 5Km in length. The races are open to anyone 15 years of age or over and attract a wider variety of different ability runners and we are always supportive of encouraging novice or less experienced runners to participate to promote active lifestyles.
